Dear Neil,

I want to express my appreciation for the nice article that was in the Pickens Progress last week in regards to my recent visit to the Career Club. It was also very nice that the Career Club raised food for CARES. I enjoyed very much being asked and speaking to the Career Club about my career and advising the students on the value of a good education and studying hard.

Please express my gratitude to the teachers involved and thanks again.

Sincerely,

Larry Starr
Director
